

NAUTILUS WATERSPORTS

FREE SPECIALTY COURSE DURING February -JULY 2012!!!

From 1st February until 31st July 2012 Nautilus Watersports would like to offer all Openwater Divers the opportunity to complete their Peak Performance Buoyancy (PPB) Specialty Course for **FREE** that's right if you complete your PADI Advance Course with us we will give you the Peak Performance Buoyancy Specialty Course to **FREE** this is a saving of 22,500vt.

Why complete the PPB Specialty course?

By completing your PPB you will be able to achieve and maintain neutral buoyancy which allows divers to glide effortlessly through the water, you will use less air and be able to avoid damaging wildlife, hurting yourself or someone else. If you are a photographer or thinking of buy an underwater camera by completing the PPB course you will be able to take superior photos and videos underwater or if you would just like to be able to go for a dive exploring the reefs and wrecks without kicking up silt this is the course for you.

During the Peak Performance Buoyancy specialty course you will learn how to achieve and maintain control over your buoyancy. The course covers everything from how to properly wear and streamline your gear how to determine the exact amount of weight you will need and exercises to help you learn how to manage your buoyancy.

If you are already a PADI Advance Diver or the equivalent of an Advance Diver and you would like to complete your PPB Specialty Nautilus is offer this course to you for the cost of 7,500vt yes that is correct just 7,500vt this is a saving of 14,700vt.
